TYPE Z-1

252-2004

Beck/Arnley Premium Automatic Transmission Fluid for Type Z-1 is a superior quality formulation of high-performance base oils and carefully selected additives. It includes a unique mix of friction materials for the specific pressure settings present in Acura and Honda automatic transmissions which helps promote optimum shift quality.

This product is chemically balanced to provide protection for seals and o-rings against corrosion, and metal components from rust and wear as well as resistance to oxidation to prolong the life of the fluid.

Use this Premium Automatic Transmission Fluid for Type Z-1 when Type Z-1 automatic transmission fluid is required for Acura and Honda vehicles.

Always check owner's manual for proper application.
